FROM THE WORKBENCH

It's now getting to the time of the year where we are no longer allowed to be annoyed by the fact that shopping malls are flouting their Christmas decorations—we can be annoyed about finding ourselves inside of a shopping mall, but that's different...

Completely different to a shopping mall was this month's run with the train to Rayton and onwards to Cullinan by sports car. The Friends of the Rail (FOTR) trip used to run to Cullinan, but unfortunately the rail now terminates in Rayton, which is a pity because it cuts out the most scenic portion of the trip. While the train chugged along the tracks, the cars took a leisurely drive to Rayton with a stop at favoured haunt "Die Rooi Lorrie" for a Broffie... On arrival at Rayton the convoy was met with a group of enthusiastic young men who were enjoying a productive morning at the "Rayton Station Tavern". After convincing them that while photos were okay, sprawling oneself over the Aluminium bootlid of an MGA is not, we got on rather well. Black-Label quarts were acquired, and a good time was had by all... A memorable conversation took place between Esra Martins and one of the young men, which went as follows:

Esra: "What are you doing here?"

Young Man: "We are inside the tavern, Sir"

Esra: "And what are you doing there?"

Young Man: "Consuming Alcohol, Sir"

Following the arrival of the passengers on the train we set off on the short journey to Cullinan, where we had a great breakfast and some overdue strong coffee. The event was very well organised by Robin & Liesel Clarke. Thank-you for your efforts.

Also this month we had the usual pub-evening. The event was catered by Richard & Avril Grover in celebration of Avril's 60th birthday (Happy Birthday Mom), which was a success.

Looking forward, we have a full range of events in December: Noggin, Pub Evening, and Monthly "Run". The run takes place earlier than usual to allow us to catch members before they head away for the holidays, and takes the form of the annual Christmas event. The pub evening on the 15th promises to be festive, as we all begin to let our hair down and unwind.

2018 is now staring us in the face, and there are a number of significant events which need to be publicised:

1. We are once again hosting a Brooklyn Mall Timeline. This is a great event, but really requires the commitment of the entire club. Please get involved if you can.
2. The AGM will be hosted in February. Please apply your mind to what you would like to have discussed. This is the best opportunity to get involved in the running of the club, and contribute to its ongoing success.
3. Indaba: The 2018 Indaba is being hosted by the KZN Centre. The full details are at the end of the newsletter, but please note that the cut-off for entries is the end of December. If you have not yet entered an Indaba please do—they are phenomenal events.
4. MGCC 40th Anniversary: In celebration of our Centre's 40th anniversary we are hosting a weekend away to the Lowveld. The details are in the newsletter, and we hope to see you there.

That's all for now, except to wish you a relaxing festive season. We hope that you spend time with the people that you love doing things that you enjoy. We're hoping for a flurry of workshop productivity, and many more running MG's in January 2018!

Octagonally, Steve Grover

Membership fees for 2018

A note from the Treasurer.

As the end of the year approaches it is time to consider the membership fees. The Club's finances are relatively healthy at present but as I am sure you are all aware costs are increasing on a daily basis.

Our rent has increased substantially, water and electricity costs have increased, maintenance, gardening and cleaning costs have also increased, as has the security armed response. The falling value of the Rand has also increased our affiliation fees paid to the MG Car Club and MG Owners Club.

In addition, despite our alarm system we suffered another break in, with associated costs due to loss of regalia and repairs to the property. Our security provider has since been changed.

To ensure the ongoing viability of the Club the Committee has reluctantly agreed that fees must increase for 2018.

From January 1, 2018,

- * Full annual membership will increase to **R390, or R350 if paid by EFT**
- * Country/student membership will increase to **R230, or R190 if paid by EFT**
- * Joining fees will increase to R200, remember, this amount is to cover administration costs and a personalised membership badge.

Regards,
Steve Eden

Responding to questions posed by Helgard Muller

Why MG and how it landed in my garage? Well I had very little choice in it. My old school friend with whom I shared experiences on 50cc bikes, scramblers and rallying, built the 66 B GT up from a very tired car over 3 years. His company sent him to England where he found the heritage certificate indicating the car left Abington as a mineral blue car and not red. He came back (with some spares), stripped it again and had the shell redone correctly. He was then required to leave for the UK again, this time it looked like a permanent move. He said he could sell neither the MG nor the dog. He asked me whether I would look after the car for him. I agreed, but wanted to know the deal was. Well, he said he just wanted to try me, and wanted to give me the car.

He returned to South Africa three years later with a roadster he built up there. We decided to participate in the classic regularity rally series with my B GT and enjoyed five seasons of that.

Restoration work done?

Twice rebuilt in Stellenbosch, and after the rally seasons I rebuilt the front suspension. In all cases we tried to keep it original. Currently the engine is out to be painted correctly in the ox blood maroon and to give attention to various areas.

Other MGs or classics? No other MG, but it was joined by a 1970 BMW R50/5 boxer bike two years ago.

What does the MG mean to you? It is a throwback to the cars I enjoyed when petrol was 35 cents a gallon and GTX was R 3.99. Just by chance it meant getting involved in one of the most amazing clubs with petrol head members that are serious about their "speelgoed" but not too much.

What I like about my MG is that is a very usable classic that has points, a condenser and no syncro on first. The left front brake takes first and then the rest follows. The timing, carbs and valve gaps needs regular attention so I can be in the garage with my tools on a regular basis. Much cheaper than psychologists.

What frustrates/annoys you on your MG? An English car with that weatherproofing!

Before driving off on a run **what items are on your checklist?** Water, oil, and petrol. And I love to look at the oil pressure and temp gauges now that Richard breathed on it.

Do you drive with a full set of spanners? Well, a reasonable set that includes a ¼ inch spanner and the wing nut hammer. What essential tools do you take along on a run? Same, but a few spares: spare petrol pump and fan belt.

With R 20 000 what would you add or modify on your MG? Redo the paint.

If you can wish for a "barn find" like stumbling on this absolute classic beauty in restorable condition available at an affordable price-highly unlikely but-what car would be your wish? A TC to restore.

Christmas Party

Saturday 9 December 2017

This year we will once again be doing our annual Christmas party in December. This has proved to be very popular over the past years, and we are looking forward to a successful event this year.

The Christmas party is probably the most “family friendly” event of the year, so please be sure to bring your children / grand-children along for the event. Santa’s arrival on board a 1950’s MG is always a thrill for young and old!

The club has arranged for a jumping castle, to be enjoyed by young and old, and there will be the exchanging of gifts. If you are bringing a child with you please bring along a gift which can be delivered to them by Santa when he arrives aboard his 1950’s MG S(leigh)-type. The recommended value for this gift is R150. Also, we will be doing a “Secret Santa” type exchange of gifts for the adults, and the guideline value for these gifts is R100.

Please come along and join us. A wonderful opportunity to bring in the festive season.

Date: **Saturday 9 December 2017**
Time: **10:30 onwards**
Where: **MGCC Clubhouse**

JHN Center Run to Rietvlei

Sunday 10 December 2017

The Johannesburg Centre will be venturing across to our side of the Jukskei, to Rietvlei Nature Reserve, on 10 December for the annual event which celebrates Norman’s birthday. We have been invited to join, and it would be wonderful if we could make a showing.

The are planning to meet at the N1 Ultra City at 10:30, which will mean an arrival at the Ritvlei around 11:00. Please bring along a picnic lunch, or braai facilities are available, if you would like to attend.

Date: **Sunday 10 December 2017**
Time: **11:00 onwards**
Where: **Rietvlei Nature Reserve, Irene**

Upcoming Events

Pub Evening

Friday 15 December 2017

The December pub-evening will be the ABF event for the year, and we are looking forward to welcoming in the holidays at the club.

Pub evenings are a great way to get to know the members of the club, and unwind after the week.

All are welcome.

We look forward to seeing you there.

Brooklyn Mall Timeline Show

Saturday and Sunday, 16-17 February 2018

Following the success of the previous two years' events we have again been approached by Brooklyn Mall to do a timeline at the mall in 2018.

The event is a great opportunity to showcase our cars to the general public, and to generate enthusiasm for the MG marque. We try to have a good cross section of cars on display, ranging from the earliest examples to the latest & from concours examples to restoration projects.

If you would like to get involved, either as a volunteer to man the stand, or to display your car as part of the event, please contact Pepi Gaspari or Stephen Grover.

We will also host a club evening on the Saturday evening where all members will be invited to meet at the display to admire & discuss the cars.

Date: **Saturday 16 February to Sunday 17 February 2018**
Time: **All day**
Where: **MG Car Club Northern Centre Clubhouse**

Upcoming Events

MG Boot Sale

Sunday 25 March 2018

We are planning an MG and motoring orientated Boot Sale on 25 March 2018. We have extended the invitation to the Johannesburg Centre, and hope for a good turnout at the event.

This remains a relatively long way off, but we are hoping that the advance warning will allow enough time to get things down from the shelves & out from under the work benches. We all have items which we have accumulated over the years which are now surplus to requirements, but may be of particular use to other members.

An event like this only works well if there are worthwhile items to buy and to sell, so please keep an eye out when you are in the shed over the summer.

The club will provide braai fires & the usual amenities will be available.

Date **Sunday 25 March 2018**
Time: **10:30 onwards**

2018 uKhahlamba MG Indaba Newsletter 1 – January 2017

This newsletter is the first in a series to keep you up to date with developments in the planning for the 2018 Indaba.

Firstly allow me to thank you for making your reservation. We have had 49 bookings to date which we are very pleased with. As a booked participant please encourage any other members of your Centre who may not have booked yet to do so soon. Registration forms are available from our website www.mgcarclub-kzn.co.za.

The committee has had a number of planning meetings and has compiled a programme for a relaxed Indaba with opportunity to view the glorious countryside and places of interest in the Northern Berg which is where the resort is situated. The 3-Star ATKV Drakensville Resort is very popular with motoring and motorcycle clubs and has hosted a number of rallies and conventions such as ours. We have chosen May as the recommended month weather-wise in the Berg.

In the close vicinity of the Resort is the Drakensberg Pumped Storage Power Station and we are in negotiations with the publicity office of the power station to arrange guided tours for Indaba participants. These tours are extremely informative and we are trying to dovetail possible tours in with our programme. There will be more information in this regard in future newsletters.

We are also planning to lay on some excursions and activities for the ladies, bearing in mind that there is a heated swimming pool if you prefer a bit of aquatic exercise.

In future newsletters we will discuss possible routes to follow to get to the Resort

Chris Brown.
Indaba Chairman.

Newsletter 2 – October 2017

This is the second newsletter to catch up with plans for the 2018 Indaba. Firstly, our events sub-committee has been on an extensive reconnoitering run to the area around our venue and has come up with an exciting and scenic run for Friday morning and afternoon. Lunch will be enjoyed at a new venue in the Berg and the day promises to be fun and interesting. The run will take the form of a “Fun Run” or “Treasure Hunt” and the results will go towards the Inter-Centre competition.

We are in negotiations with the publicity section of Eskom’s Drakensberg Pumped Storage Power Station for guided tours of the power station on the Thursday afternoon and Friday morning. These arrangements will require some explanation. The Thursday afternoon tour, although prior to registration at the Indaba venue, would be suitable for participants from the Reef and Durban who should be able to get there by 13:00. Unfortunately there is no tour on Friday afternoon so delegates who choose to go on the Friday morning tour would miss out on the Fun Run, but should get to the lunch venue to enjoy the special lunch being laid on.

We will be circularising all delegates closer to the time to register bookings for the Power Station tours for which there is no charge.

The ever-popular and closely contested Rocker Cover Races will take place on Thursday evening and each Centre will be invited to enter two racers for the competition. Results go towards the inter-centre competition as well.

Regarding the various Concours events, these will take place on Saturday afternoon, after a fun morning competing in or watching the Gymkhana which will be held at the resort so no need to travel to this event.

Lastly, we have engaged a renowned mystery entertainment group to entertain everyone after dinner on the Thursday evening – something to look forward to!

For those who want to do some relaxing, don’t forget that the resort boasts a heated indoor swimming pool.

We have reliable reports that the road down Oliviers Hoek Pass is now in good condition and is the obvious shorter route for delegates coming from the Reef and from the Cape if you plan to travel up via Ficksberg, and through Golden Gate.

Lastly, we still have a number of 2 and 3 bedroomed houses available so if you know of any other members of your Centre who may not have registered yet please prompt them to do so without delay. We’d love to see them at the Indaba. Attached is a list of delegates as of the 1 October 2017

Regards
